Dear Valued Distributor/Supplier,

We are excited to announce that Gentherm has acquired Stihler Electronic GmbH (Stihler), a medical device manufacturer located in Stuttgart, Germany. Stihler is a developer and manufacturer of patient warming systems as well as blood and infusion warming devices utilized by healthcare providers worldwide. Stihler was founded more than 30 years ago by Axel Stihler and has developed into a fantastic business with high quality and clinically impactful products.

Gentherm, a publically traded company (THRM) headquartered in Northville, Michigan USA, is a global developer and marketer of innovative thermal management technologies. Gentherm's medical division manufactures a portfolio of patient temperature management devices today.

Merging these two companies allows us to provide more complete patient temperature management solutions to our healthcare customers worldwide. The combined portfolio includes the following brands:

Stihler Product Brands	Gentherm Product Brands (Formerly CSZ)
ASTOTHERM® plus	Blanketrol®
ASTOFLO® PLUS eco	Kool-Kit® / Kool-Kit® Neonate
ASTOPAD®	Maxi-Therm® Lite / Maxi-Therm®
ASTODIA®	PlastiPad®
ASTOTUBE®	WarmAir® / FilteredFlo®
	Norm-O-Temp®/ Gelli-Roll®
	Electri-Cool® II
	Micro-Temp® LT
	Hemotherm® CE

The integration of these two companies will take time. It is of the utmost importance that we do not disrupt the business with our current suppliers and distributors. We will continue to keep you informed of any changes in this process. For any additional information please contact your current Stihler and Gentherm contacts.

Sincerely,

James Paloyan
SVP & GM
Gentherm
